Summary of Revisions Implemented

The following changes have been implemented on the website according to client feedback:

1. UI Updates
 - New color palette, text font, and style applied.
 - White space was reduced for better layout, and text size increased for readability.
2. Product Management
 - A multi-select option has been added for deleting multiple products.
 - Product sorting implemented by creation date (new database column & upload field added).
3. Content Updates
 - Typos corrected.
 - Placeholder text replaced with finalized sentences/phrases.
4. Product Database
 - Test products uploaded via the website to verify functionality.
 - Remaining products added via SQL.
5. Logout Option
 - Converted from text to a button for better visibility.
